

Joanne's Dance Center

DECEMBER 2011

Just a few reminders and announcements...

THANK YOU for participating in our very successful Thirty-One fundraiser for the competition team. We're still tallying orders. Next month we'll announce the total raised!

Winter weather means wet feet, so please keep in mind that wet shoes are not allowed in dance rooms.

'Tis the season for inclement weather! Even if Ballston Spa schools close for a snow day, we may still hold classes in the evening. **Call the studio phone 885-1170 after 2:00 p.m. for studio closing announcements.** We will also try to send mass e-mails and update the website, but this may not always be possible.

Show-and-Tell will be the week of Saturday, December 17 through Thursday, December 22. Join your dancer at the end of class and see how far the routines have come since September!

We are **closed** Saturday, December 24 through Monday, January 2. We will re-open on **Tuesday, January 3.**

Welcome back, Miss Samantha! We missed you!

December tuition is now due. Please see the front desk if you have questions regarding your account.

PLEASE NOTE NEW POLICY THIS YEAR: Costumes will NOT be released to students until all costumes balances are paid in full. This includes any rhinestones or extra accessories. This policy applies to competition team students as well (costumes will not be released until all rhinestones balances are paid).

Thank you for participating in JDC's fall competition team fundraiser. We did very well. We'll announce final results in next month's newsletter.

We love to see a busy waiting room! However, we have noticed that trash and belongings are left behind each night. Please be courteous to your fellow dancers, parents, instructors and staff by removing all trash and checking for belongings as you leave. Thanks.

Don't forget to check the lost-and-found box down by Room 1.

Merry Christmas, Happy Hanukah and Happy New Year! Enjoy the season with your family and friends.
